DETAILED ACTION

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on August 16, 2005, Mr. Pezzner requested an extension of time for the second MONTH(S) and authorized the Director to charge Deposit Account No. 03-2775 under Order No. 05587-00359-US the required fee of \$330 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Examiner's Amendment

In both claims 15 and 16, on lines 2-3 substitute "copolymer block" with – copolymer--.

In both claims 17 and 18, on line 2, insert –polyoxymethylene blocks of the structural repeat units of the - - before "formula I".

The following is an examiner's statement of reasons for allowance: Claims of the invention are drawn to a process for preparing a copolymer by forming an initial charge of monomers forming polyoxymethylene (POM) unit and dihydroxy-terminated monomer of formula (V). The prior art of record does not teach or fairly suggest process for preparation of copolymers by admixing in the initial charge the di-hydroxy-terminated monomers of formula (V).
